

Accessibility statement

At FSP, we are deeply committed to making our website accessible to everyone. Every visitor deserves an inclusive and user friendly experience, and it is very important to us that our site meets this standard. Our goal is to create a welcoming digital environment where all users, regardless of their abilities or challenges, can easily navigate and engage with our content.

Commitment to Accessibility

We are dedicated to making our website accessible in line with the Web Content Accessibility Guidelines (WCAG) 2.1, Level AA, as part of our commitment to meet the requirements set out in the Equality Act 2010. Our aim is to ensure that all users, regardless of their abilities or disabilities, can access and use our website effectively.

Accessibility Features

Our website incorporates various accessibility features, including:

- **Keyboard Navigation:** The site is fully navigable using keyboard shortcuts.
- **Screen Reader Compatibility:** We ensure that our content is compatible with screen readers by providing text alternatives for images and other non-text content.
- **Colour Contrast:** We use high-contrast colour schemes to enhance readability for users with visual impairments.
- **Text Resizing:** Users can adjust text size to better suit their needs.

Feedback and Assistance

If you encounter any difficulties or have suggestions for improvement, please let us know by emailing experience@fsp.co.

Ongoing Efforts

We regularly review and update our website to ensure it remains accessible and compliant with current standards. Our team is committed to continuously improving our website's accessibility to provide a positive experience for all users. We acknowledge that there may be some areas that require further enhancement. We appreciate your patience and understanding as we continue to progress and improve these areas.

Legal Compliance

Our commitment aligns with the Equality Act 2010 and other relevant accessibility standards, ensuring that our website meets legal requirements for accessibility.
